SHABANA A

ambattshabana2002@gmail.com | +91 8606213723 | https://shabana2002.github.io/shabana/

SUMMARY

B.Tech graduate in Information Technology with a minor in Electronics and Communication, specializing in Machine Learning and Data Science. Hands-on experience in building ML models, object detection systems, and data-driven applications using Python, TensorFlow, and Scikit-learn. Demonstrated leadership and strong communication skills in collaborative technical environments.

EDUCATION

- **Bachelor of Technology in Information Technology - CGPA: 7.72**
  MEA Engineering College | Nov 2021 – May 2025
- **Higher Secondary – 94.48%**
  RMHSS Melattur | 2019 – 2021

SKILLS

Technical Skills

- Programming Languages: Python, SQL
- Machine Learning: Scikit-learn
- Deep Learning: TensorFlow, Keras
- Computer Vision: YOLO
- Data Analysis: Pandas, NumPy, Power BI
- Tools: Streamlit, GitHub

Soft Skills

Time Management, Communication, Team Collaboration, Adaptability, Problem-Solving

PROJECTS

Language Detection System

- Developed a multilingual language detection model (including non-Latin scripts) with balanced datasets to avoid bias.
- Used TF-IDF character vectors with Naive Bayes and Linear SVM, achieving 95.2% and 95.6% test accuracy, respectively.

YOLO26n Object Detection System

- Trained and evaluated a YOLO26n model on 5,000 COCO images, evaluated using mAP@50 for object detection performance
- Built a Streamlit application supporting real-time webcam detection and batch image processing with object-count analytics.

Bootstrap Portfolio

- Developed a responsive personal portfolio using Bootstrap, HTML, CSS, and JavaScript, featuring sections for projects, skills, certificates, and resume integration.

- Implemented certificate upload with dynamic thumbnail previews and modal viewing, optimized for easy local setup and GitHub Pages deployment.

EXPERIENCE

Intern – ICFOSS | Sep 2024 – Aug 2025

- Assisted in monitoring and maintaining IoT-based rainwater detection devices deployed at the assigned location.
- Conducted hardware inspections and component replacements under mentor supervision.

Freelance Canva Educator | May 2024 – June 2025

- Created and delivered a self-paced online Canva course with bite-sized instructional videos for beginner levels.
- Shared design templates and tips to enhance learner engagement and skill development.

CERTIFICATIONS

Data Science, Machine Learning, Artificial Intelligence & Power BI
Luminar Technolab, Cochin | Aug 2025 - Present

- 7-month hands-on training in Python, ML algorithms, AI concepts, and Power BI with live projects.

Principles of Communication Systems - I
NPTEL (IIT Kanpur) | Jan 2025 - Apr 2025

Digital Circuits
NPTEL (IIT Kharagpur) | Jul 2024 - Oct 2024

LEADERSHIP AND REPRESENTATION

Department Secretary, Student Placement Representative & Class Representative (2021–2025)

- Coordinated technical events and workshops, managed placement communications, and served as liaison between faculty and students for academic and administrative matters.

LANGUAGES: English, Hindi, Malayalam, Tamil
